DETAILED ACTION

Reasons for Allowance

1. Claims 1-26 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or render obvious a finishing system with the unique combination as claimed in claims 1-26 which includes "having a **controller with access to device-dependent parameter information**, ...identifying constraints of a device and specifying job segments of work pieces such that the attributes of each job segment do not exceed the identified constraints".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
